There was submitted opinion from the Corporation Counsel in regard to new Asheville High School, Architect's certificate #15, which was on motion ordered embodied in the minutes and the Secretary Treasurer instructed to notify the Surety and request that they comply with the requirement as stipulated in the opinion of the Corporation Counsel.

Sept. 1, 1928.

To the Honorable Mayor Commissioners
and Board of Commissioners,
City of Asheville, North Carolina.

Gentlemen:

IN RE: NEW ASHEVILLE HIGH SCHOOL,
ARCHITECT'S GENERAL CERTIFICATE #15.

In response to your reference of the above matter to me at a meeting of your Board of this date, I have to advise that the estimate apparently is in proper form and I am assuming that the same is correct and on its face in accordance with the terms and conditions of the general contract would be due and payable on or before the tenth of this month. The records show that the payments of the architect's certificates have been made on or about the eighth day of the month. In regards to payment of this to the National Surety Company and the Standard Accident Insurance Company, I have to advise that a careful perusal of the files show that Palmer Spivey Construction Company has not notified the City of their inability to complete the contract under the general contract, although they have notified the City on the Central Heating Plant, which is by a bond executed by the Century Indemnity Company. However, under date of August 17, 1928, Palmer Spivey Construction Company evidently entered into a contract with the Standard Accident Insurance Company authorizing them to proceed to complete the contract by reason of their default. The original of this has not been filed with the City of Asheville and the same is subject to objections and exceptions by reason of the reservations made therein. I recommend that the National Surety Company and the Standard Accident Insurance Company, sureties for Palmer Spivey Construction Company, be required to file with the City of Asheville a release and notifications on the general contract similar to that which they have filed with the City for the Century Indemnity Company on the Central Heating Plant in this building, and that upon the same being filed that the estimate #15 be paid at whatever time before the ten day period you may desire to make such payment.

Very respectfully,
Geo Pennell
Corporation Counsel

ELIZABETH ST & RANKIN AVE-- DRAINAGE

Letter from Booth & Company in regard to drainage condition corner of Elizabeth St. and Rankin Avenue was ordered embodied in the minutes and referred to the Commissioner of Public Works.

September 1, 1928.

Honorable Gallitan Roberts & City Commissioners,
Asheville, N. C.
Gentlemen:

The purpose of this letter is to file a complaint with you regarding certain drainage conditions near the corner of Elizabeth and Rankin Streets, this City.

We are filing this complaint as Agents for Mr. C. N. Allison, the present owner of an apartment house located at the intersection of the above mentioned streets.

The small creek flowing east (which we believe is known as Rankin Street) along the northern boundary of the above mentioned property is piped to this point and during the recent heavy rain has caused quite a bit of damage due to being turned loose right at the property line, having caused the banks to cave in and weaken the support of the walls of the above mentioned apartment.

We earnestly desire an immediate inspection of the above condition so that some precaution may be taken as soon as possible.

Very respectfully yours,
BOOTH AND COMPANY

Attention Public Works.
In re: Corey-Boais claims

At the time of writing and filing my claim with you, I erroneously stated that the accident occurred on Montford Avenue. It was on Cumberland Avenue. The holes excavated in the street which caused the accident seem to have been made for the purpose of getting to the sewer or water line. There were re-paved on Monday following the accident.

Pursuant to a request from you, I have to advise that I have carefully examined clause 6 of the photostatic copy of application signed by Palmer-Spivey Construction Company under date of May 3, 1927 for contract bond and also letter of said company addressed to the City of Asheville under date of September 4, 1928 and that in my opinion the application for bond containing assignment and the assignment of September 4th, 1928 fully authorized payment to the Standard Accident Insurance Company and the National Surety Company of estimate properly prepared and executed by the architect on this project.

One point I desire to call your attention to is that both sureties on this bond should authorize payment to some particular person or property.

S. I. BEAN

Letter from S. I. Bean in regard to alleged damage to his property on Clingman Avenue and Eugene Street was ordered embodied in the minutes and referred to the Corporation Counsel for investigation and report.

September 13, 1928.

To: Honorable Commissioners, City of Asheville
Tax Collector, City.
Assessors, Street and Taxes

Gentlemen:

In 1919 Mr. Ramsey, Mr. Fitzpatrick and associates promised me that the city would take care of me and protect my property from the Aston Park Awimming Pool waste waters. Nothing has ever been done, except to increase the capacity of water, which is flooding my garden, warehouse and is washing away the fills that I have put in, which has cost me hundred of dollars.

When the Swimming pool is being drained out, it takes 3 or 4 hours for it to drain out, and there is usually a heavy rainfall at the same time, which washes thousands and thousands cubic feet of fill and loose rock with the water into the ditch and into the culbert. I had these ditches dug out five feet deep and five feet wide, and they are now all filled up with rock and mud from the fill at the park. I have dug out these ditches from five to six times.

In the summer of 1927 stumps from fill at Aston Park came down in flood and stopped up storm sewer and ran over. Had to hire trucks, block and tackles to putt stumps out of storm sewer. This summer it has been stopeed up six differenct times, and warehouse been flooded three difference times, the six times as listed below.

2- Times from fill ar park by soda barrels that has been dumped on fill by city.
1 Time by large walnut stump stopped up the sewer.
1-Time a wagon wheel caught over mouth of sewer and stopped it up.
1-By an old iron rack and wagon tires that have been rolled from park by the children at play.
1 Stopped up by mud, rocks, brick-bats that came out of fill at park. We estimate that there has been between five and ten thousand cubic yards of mud,brick-bats, rocks and other debris washed out of the park down this hollow.

My damages has been increased this summer to a higher rate that any previous year. Enclosed you will find a bill for damages.

Respectfully yours,
S. I. Bean

J. BLOMBERG- ...

Notice for claim for damages to the property of A. Blomberg filed by Weaver and Patla, Attorneys, was ordered embodied in the minutes and referred to the Corporation Counsel.

STATE OF NORTH CAROLINA,
COUNTY OF BUNCOMBE.

IN THE MATTER OF
BILTMORE RAILWAY VIADUCT,
BILTMORE, N. C.

NOTICE FOR CLAIM FOR DAMAGES
TO THE PROPERTY OF A BLOMBERG.

TO THE HONOR BOARD OF COMMISSIONERS OF BUNCOMBE COUNTY AND THE CITY COMMISSIONERS OF THE CITY OF ASHEVILLE.

A. Blomberg, claimant, respectfully claims and shows:

1.

That he is a citizen and resident of Buncombe County, North Carolina.

2.

That he is now, and has been since the 9th day of February, 1905, the owner of the following described land and premises, lying and being in Buncombe County, N. C., in the Village of Biltmore, bounded and more particularly described as follows:

FIRST TRACT:

B E G I N N I N G at a point in the North line of Lodge Street, the Southwest corner of Lot No. 5, at the intersection of an unnamed 30 foot street with Lodge Street, in Block N, of Biltmore Village, said point of beginning being Westwardly 252 feet from the West line of Biltmore Road, measured along the North line of Lodge Street, and thence with the line of said unnamed street, north 17° West, 100 feet; thence 73° West, 50 feet to a stake, a corner between lots 5 and 6; thence with the line of Lot No. 6, South 17° East 100 feet to a point in the North line of Lodge Street, the corner between lots 5 and 6; thence with the said North line of Lodge Street, North 73° East, 50 feet to the point of beginning; containing 0.11479 acres, more or less.

SECOND TRACT:

B E G I N N I N G at a point in the North line of Lodge Street, the corner between lots 5 and 6, in Block N., of Biltmore Village, said point of beginning being Westwardly 252 feet from the West line of Biltmore Road, measured along the said North line of Lodge Street; thence with the line of Lot No. 6, North 17° West, 100 feet to a corner between Lots 5 and 6; thence South 73° West, 50 feet to a corner between lots 6 and 7; thence with the line of Lot No. 7, South 17° East, 100 feet to a point in the North line of Lodge Street, the corner between Lot Nos. 6 and 7; thence with the said North line of Lodge Street, North 73° East, 50 feet to the point of beginning; containing 0.11479 acres, more or less.

Being the same land conveyed to A. Blomberg by A. W. Faulkner and others, by deed dated February 9th, 1905, recorded in book 297, page 112, records of Buncombe County, N. C.

3.

That this claimant is advised, informed and believes, the County of Buncombe and the City of Asheville, through their contractors, agents or servants, prior to the erection of a viaduct or bridge over and across the tracks of the Southern Railroad, from the City of Asheville to Biltmore, N. C., which was completed and opened for the use of the public on or about the 22nd day of October, 1928, [illegible] viaduct or bridge was erected upon and across the above described land of this claimant, and as a result thereof practically all of the said land of this claimant was appropriated to the public use for said highway purposes, and the said work so commenced and completed was without any consent on the part of this claimant, and without any attempt on the part of the said County and City to arrive at or agree upon a proper compensation to this claimant.

4.

That the portion of the land above described which was not actually used and subsequently appropriated to the said public use, is rendered practically valueless and worthless to this claimant as the owner thereof, and the damage sustained by this claimant is the same in practical effect as if the whole of said property had been taken and appropriated to the public use.

5.

This claimant further shows that the reasonable market value of the said property, and which is the damage being done to this claimant, is on Lot No 5 above described, which is a corner lot, the sum of $400.00 per front foot, being $20,000.00; and the reasonable market value of Lot No. 6, above described, is $300.00 per front foot, being $15,000.00.

W H E R E F O R E this claimant respectfully files this notes of claim for damages in the sum of Thirty-five Thousand ($35,000.00) Dollars.

[illegible] REFUSING TO ACCEPT

Resolution regarding alley north of Patton Avenue was adopted:

WHEREAS, in connection with the partition of the property of Frank Coxe, deceased in a special proceeding conducted for that purpose in the Superior Court of Buncombe County, North Carolina, in the year 1916, the property of said Frank Coxe on the North side of Government Street, and Patton Avenue, in the City of Asheville, was divided into lots and a plat thereof showing said lots and showing a certain alley known as Alley No. 1, lying immediately North of said lots was prepared and filed in said proceeding and a copy thereof recorded in the Office of the Register of Deeds for Buncombe County, N. C., in plat book 2 at page 93, and

WHEREAS, the various owners of Lots shown on said plat have from time to time sold and conveyed the same with reference to said plat as so recorded, and

WHEREAS, it appears to the Board of Commissioners of the City of Asheville, that said Alley No. 1 has no outlet East of Express Alley, is of value solely to the owners of lots abutting said Alley No. 1, on the South as shown on said plat. That said Alley No. 1 adjoins on the North, Wall Street, which is at an elevation of ten feet or more above the elevation of the surface of said Alley No. 1, and that said Alley No. 1 is of no value to the public and it would not be to the interests of the public or the City of Asheville to accept said Alley as a public alley, but on the contrary it would be to impose on said City the burden of maintaining said alley without any corresponding benefit.

Now, Therefore, be it resolved by the Board of Commissioners of the City of Asheville, that by the adoption of this resolution the City of Asheville refuses and declines to accept said Alley No. 1, or any portion thereof as a public Alley.

The Board of Commissioners met in regular session; present Commissioner C. H. Bartlett and Commissioner L. B. Rogers. Mayor Gallatin Roberts absent on account of sickness. The minutes of the previous meeting were read and approved.

Resolution with reference to transferring opening and widening assessment, lot 29, Ward 1, Sheet 5, Valley Street, Joseph Witz, was adopted.

WHEREAS, it appears to the Board of Commissioners that the Jury heretofore assembled for the purposes of lodging assessments against property within the zone of assessments for extension of Southside Avenue and confirmed by the former Board of Commissioners, levied an assessment in the amount of Seven-hundred Fifty ($750.00) Dollars, for extension of Southside Avenue, against lot #29, ward one, sheet 5, fronting on Valley Street and it now appears that there was an error in the plat showing the depth of lot #29 and that actually lot #29 had only one-half of the depth shown on said map and in the opinion of said Board of Commissioners, the total assessment should never have been lodged against lot #29, and that it is equitable and just that said lot #29 now owned by Joseph Witz be relieved of one-half of the assessment heretofore lodged,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE:

1. That the assessment heretofore lodged for extension of Southside Avenue against lot #29, ward one, sheet 5, fronting on Valley Street, be reduced from $750.00 to $375.00 and that said assessment draw interest on the sum of $375.00 from date the same was lodged instead of $750.00.

2. That the Collector of Assessments be and he is hereby authorized and empowered to post his records in accordance herewith.

I move the adoption of the foregoing resolution.
This the 31st day of January, 1929

L. B. Rogers
Commissioner

Approved as to form:
Geo Pennell
Corporation Counsel.

Resolution with reference to Lot 29½, Sheet 5, Ward One, Joseph Witz and W. H. Westall Valley Street was adopted.

WHEREAS, W. H. Westall is the owner of lot 29½, Sheet 5, Ward One, and Joseph Witz is the owner of lot 29 as shown on Tax Assessor's Maps for Sheet 5, Ward One, and the former parties have filed petition requesting that the assessment in the amount of $800.00 heretofore lodged against lot #29 be relieved and one-half of the assessment by placing one-half of said assessment against lot 29½,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE:

1. That the assessment heretofore lodged against lot #29 in the amount of $800.00 be re-assessed as follows:

Lot #29 in the name of Joseph Witz	$400.00

Notice of claim filed by J. Y. Jurkin Jr, Atty. for T. D. Cocke for damages sustained by the closing of Commerce Street for the construction of S. & W. building on Patton Avenue was ordered embodied in the minutes and referred to the Corporation Counsel.

ASHEVILLE
NORTH CAROLINA

FEBRUARY 4th, 1929

To the Honorable Mayor and
Board of Commissioners of the
City of Asheville, North Carolina.

Gentlemen:

Your claimant T. D.Cocke respectfully shows unto the Board that he is the Lessee and in possession of a certain lot or lots located on the South side of Commerce Street in the City of Asheville; and claimant has been the Lessee and in possession of said lot or lots for some four or five years past, during which time claimant has conducted the business of automobile lot parking.

That during the period of time which claimant has been engaged in such business, claimant has built up a large and profitable business enterprise for both monthly and daily lot parkers of automobiles. That approximately a month ago the John M. Geary Company began the construction of a certain building extending from Patton Avenue to the said Commerce Street; which said building site is directly opposite and accross the said Commerce Street from the lot or lots of claimant; that immediately upon the beginning of said construction work the said builder with the approval and consent of the City, as theis claimant is informed, advised and believes, completely closed the eastern end of Commerce Street at or near its intersection with Church Street, and such action has practically ruined the business of said cliamant. That the nearest entrance of

...through the lots of claimant in from Church Street, and on account of the building or closing of said street claimant has been deprived of all of the daily parking business and has lost practically all of his regular monthly customers. That the only entrance to claimants lots is from Commerce Street and claimant has no other means of ingress or egress in and from said lots.

That since said above referred to actions on the part of the City and the building of said building, claimant has already been damaged and suffered loss in the approximate sum of Seven Hundred Fifty and no/100 ($750.00) Dollars, and the continued blocking and closing of said street threatens to seriously ruin claimant business which he has built up over a number of years.

WHEREFORE claimant demands that he receive now in compensation ... by sustained the sum of Seven Hundred Fifty and no/100 ($750.00) Dollars, and that the obstruction heretofore placed and now existing on said Commerce Street be immediately removed, and the said street be kept open and free for the passage of traffic thereon.

Respectfully submitted this the 4th day of February, 1929

Attorney for Claimant.

BUS TERMINAL CHANGED PETITIONED AGAINST

A petition from citizens of West Asheville in the immediate vicinity of the present bus terminal requesting that the location of the terminal not be changed was ordered embodied in the minutes and referred to the Commissioner of Public Safety.

To the Honorable Mayor and Board of Commissioners of the City of Asheville:

We, the undersigned citizens of West Asheville, in the immediate vicinity of the present Bus Terminal, respectfully petition Your Honorable Body, not to change the location where the present Bus Terminal, from its present location at the Malvern Hill Entrance at Sulphur Springs Road, in West Asheville, for the we as patrons of the bus line find it most convenient, and almost absolutely necessary to know just what time we can find a bus at this terminal, thereby saving expensive waiting during rainy, cold and disagreeable weather.

Further, we are informed that any patron of this bus terminal would be required to walk not more than a block.

We personally know that at the present terminal there has been no complaint from the persons in this vicinity on account of any noise or confusion, other than perhaps by one person, and such complaint is not well founded. We know of our own knowledge that the interiors in these lines, at this terminal are neat and attractive and inviting like in their manner.

We have been informed to believe that the persons who are at present agitating this change have no financial interest and that they have to receive some personal benefit in the event of this proposed change in the bus terminal, and desire to get the business of the travelling public. That the present bus line have been in the habit and operating some part of the season at a loss, while at other times it would enjoy some small profit.

If such a change [illegible] of the opinion that the bus owners and [illegible] financially, and that the public likewise would be greatly inconvenienced.

Report on planting of trees at the watershed was ordered embodied in the minutes;

April 16, 1929

In Re: Planting Trees
Asheville Watershed

On Monday, April 1, 1929, a crew of eleven, including the truck driver, foreman and myself as supervisor, in addition to the kitchen staff of two, assembled at Camp Alice on Mount Mitchell for the purpose of planting 21,000 three-year-old Norway Spruce trees on the (approximately) forty acres of the Asheville Watershed, deforested by lumbering and fire since about 1914.

The planting stock having been brought from the Champion Fibre Company nurseries at Canton, and heeled in at Toe River Gap on the previous Saturday, planting was commenced that afternoon. It went steadily forward, except for a three hour rain interruption onThursday, so that by Friday evening the last tree was set. Except for high winds which made root dessication a

weather conditions were very favorable. The planting stock arrived in very fair condition with exceptionally fine root systems.

The trees were spaced roughly 8 feet apart, but rough topography made any real symmetry, especially on the Potato Knob burn. We had to skip many places where the ground cover, burned and eroded, had practically disappeared, leaving nothing but unplantable loose rocks. Fallen fire snags also lent to the impossibility of regular spacing, although some of the briar patches and the undergrowth, the greater part of the most verdrown areas were avoided. We planted hardly any land coming in to hardwood except under the short-lived fire cherry.

About 800 trees were planted on the Swannanoa and 1,200 on the adjacent to Toe River Gap. Both of these areas are smooth ground covered to the burn on Potato Knob where the remaining 19,200 spruces are planted.

The former burns are adjacent to natural spruce stands, but because of wind direction and the difficulty of seed germination are either turf, natural regeneration has made no headway except where there is some cover of hardwood brush.

The majority of the planting crew was done by South Toe River men who have done considerable planting for the government. Frequent reminders to keep the roots moist were necessary and work was sometimes unavoidably slow, but on the whole they were a pleasantly satisfactory crew. Arthur Bowman, the truck driver furnished by the City, was obliging under very trying circumstances.

July 25, 1929.

The Hon. Mayor and Commissioners
and Board of Commissioners of
the City of Asheville.

Re: DEPOT STREET PAVING ASSESSMENT
FRANK D. ATKINSON.

Gentlemen:

In response to your communication referring the claim of Mr. Frank D. Atkinson, requesting a remittance of street paving assessment in the sum of $ 61.15, lodged against lot 108, ward 2, Sheet 16, for the paving of Depot Street, it is apparent from the investigation and report of City Engineer, Stanley M. Pratt, that there is a controversy as to the true title ownership of the land and premises on which Mr. Atkinson requests remittence between him and the Southern Railway Company. It is impossible to determine the ownership of this property without a decision of the Court after findings of fact and rendition of a decision of law, and we, therefore, recommend that no action be taken in settlement of the same and that the parties interested, if they desire, may institute whatever proceedings deemed advisable and necessary to determine the matters in controversy.

Very respectfully,

Geo. Pennell

Corporation Counsel.

SOUTHERN DISCOUNT CORPORATION
REFUND OF LICENSE

Letter from the Corporation Counsel in re: Claim of Southern Discount Corporation for refund of license tax was ordered embodied in the minutes:

Dec. 21, 1929.

The Hon. Mayor-Commissioners
and Board of Commissioners
of the City of Asheville.

Gentlemen: RE: CLAIM OF SOUTHERN DISCOUNT CORPORATION FOR REFUND OF LICENSE TAX ON LOAN COMPANIES.

In response to the reference of the above mentioned matter, I have to advise that the Special License Tax Ordinance #109, levies a tax of $100.00 on every person, firm, or corporation loaning money on real estate or personal securities such as household or kitchen furniture, watches, by mortgage, pledge or otherwise

(pawnbrokers, etc. etc), or purchasing or collecting notes or sales contracts on automobiles, etc. that the Southern Discount Corporation paid the tax for its Asheville office so levied and that after payment of said tax are requesting a refund, contending that the provisions of section 148 of the 1929 Revenue Act, Subsection A, levying a tax on Installment Paper Dealers, as follows:

(a) "Every person, firm, or corporation, foreign, or domextic, engaged in the business of dealing in, buying, and /or discounting installment paper, notes, bonds, contracts, evidences of debt and /or other securities, where a lien is reserved or taken upon personal property located in this State to secure the payment of such obligation, shall apply for and obtain from the Commissioner of Revenue a State license for the privilege of engaging in such business or for the purchase of such obligations in this State and shall pay for such license an annual tax of $100.00)

and Subsection E thereof prohibits the City from levying a license tax on the business taxed under this section. There is no question as between Ordinance #109 and Section 148 of the 1929 Revenue Act. In my opinion the wording of the ordinance and the Revenue Act levies upon different types of business and if the Southern Discount Corporation comes within the provisions of the section of Ordinance #109 as set out therein, they are liable for the tax, which in my opinion, they do.

Very respectfully,
Geo Pennell
Corporation Counsel.

We Read, Louis William Jeannneret, who died on December 22, 1929, was for many years connected with the Fire Department of the City of Asheville, being one of the charter members, not only rendered valuable service in protecting the lives and property of the citizens of Asheville, but through his efforts and by his unaunted courage set an example for others to follow; and

That in the death of Louis William Jeannneret, the citizens of Asheville have lost one who labored unselfishly and zealously for the protection of life and property, and who, for the protection of his fellowmen and their efforts to save the life and property of citizens should live for many years in our memory.

Letter from the Corporation Counsel in regard to Union Transfer Company-Automobile [illegible], ordered in the minutes.

Jan. 17, 1930

Hon. Mayor and Board of
Commissioners of the
City of Asheville, N. C.

Re: Union Transfer Co-Automobile Registration Fee.

Gentlemen:

In response to your communication of the 11th inst. referring for legal opinion the contentions of the Union Transfer Company, as presented by Judge W. A. Sullivan, protesting against the collection of the registration fee of one dollar and also the special privilege tax, I have to advise that Ordinance #109 levies pursuant to the power and authority of the 1929 Revenue Act, a license tax upon a graduated schedule, for each motor propelled vehicle, truck, tractor or semi-tractor on a rated carruing capacity as set forth in said ordinance; that ordinance #124 passed pursuant to the power and authority of chapter 90 Motor Vehicles Consolidated Statutes, 1919, levies a registration fee on each and every motor vehicle operated with the City of Asheville, whether for hire or private use, of one dollar; and that the Supreme Court of North Carolina has interpreted ordinances made by other cities under same statutes as being valid. One as a revenue producer and the other under the Police power, and in my opinion there is no conflict between the two ordinances.

I note Mr. Sullivan's contentions with reference to Sec. 954 of Pennell Code. This section was been repealed by reason of the provisions of Ordinance #124 as hereinbefore set forth.

Very respectfully,
Geo Pennell
Corporation Counsel

Honorable Gallatin Roberts, Mayor,
Ash ville, N. Carolina.

Dear Mr. Mayor:

Under my advice, S. H. Kress & Company paid to the City privil.. tax as a Five and Ten Cents Store, amounting to $150., and is .ov.. by City Privilege Tax Receipt No. 1548.

The tax was paid under protest, as I advised the Manager of S. H. Kress & Company that, in view of the provisions of the 1937 Revenue Act, they were .. taxes and for .. stores by the State, no .. tax could be .. upon them. This is the express provision of the Statute.

I feel sure that the City does not desire to collect an unlawful tax (even from a chain store) and I am making claim for the refund in trust that you will give it favorable .onside.. ation.

Yours very truly,

J. G. Adams

of course, action can be brought against the City to compel the credit to be made against one's tax, in which event (in order to properly protect the City's interest, unless all of the contending parties are made parties to the suit) that the City's payment should be that the part not in dispute, be brought in, and the amount of all be determined.

As the matter now stands, from a local standpoint it appears that if Mr. [illegible] persists in his refusal to pay the assessment against the property owned by him at the time of payment it will be his duty to immediately instruct the City to withhold the payment of any taxes due to him. Should he fail to do so, [illegible] would be guilty of such neglect of duty as would subject him to removal from office by impeachment proceedings. [illegible] would stand in the same position.

It is interesting to note that a number of owners of property assessed for the recent sidewalk improvements have not yet paid their assessments.

Hon. Mayor Harry W. Plummer,

Asheville, N. C.

Dear Sir:

This is to advise you that the side-walk in front of the Tyler Building on the Lexington Avenue side has dropped from two to three inches.

The side-walk was put in by Mr. Tyler at the time of the construction of the building. The City of Asheville at a later date tore up a portion of this side-walk to install a water meters. The owner of the building feels that the damage to this side-walk is caused by the failure of the City of Asheville to properly install the manhole for said water meters, and we respectfully petition your Honorable Body to have the side-walk replaced and the top of the manhole riased to a level with the side-walk.

Very truly yours,
